RENTON PLANT - PROPERTY

I understand you had a conversation with Carl Leshner concerning the attached. The background is as follows:

We received the yearly rental charge for the "Platform" Lease and I asked Baxter if they had any desire for retention. When they indicated they had no use for the facility, I wrote St. Paul to effect cancellation. The attached is their reply.

Rather than go around and around between Indianapolis, St. Paul, and Seattle, could you contact someone locally to get straightened out? I would think that Don Norman should be aware of the situation, so would you contact him also.

Very truly yours,

T. J. Ryan
